Jelly Stars

If you have been shying away from trying stars such as these...here is your chance. No templates, no "y" seams, no special procedures, just strips and a ruler. These are stars that will shine for quilters of every level! The class includes special tips for piecing and cutting as well as our special no "y" seam method of star block construction. My goal is for you to look at the quilt and say, "I really can't believe that came from nothing more than a bunch of strips!"
